Snapshots of some potential Jobguard™ XM users* at work:

- A commercial baker placing a new bowl of batter into the industrial mixer.
- A printing machine operator setting the press up for a new job.
- A receiving clerk unloading the latest shipment of boxes.
- A painter putting the finishing touches on a wall.

In work settings where you need tough manual barrier protection and fully natural hand operation, you need to be sure your gloves don't sacrifice flexibility for strength. You need Jobguard™ XM.

A premium multi-purpose glove, Jobguard™ XM has all the qualities you look for when you need a strong, dependable, safe latex glove. It's made of natural NRL for a true fit with the greatest degree of movement, flexibility, and elasticity. It has low modulus for minimizing hand fatigue and can be worn comfortably for extended periods. And it's specifically designed for extra strength, making it the perfect multi-purpose latex glove for environments where safety and productivity are most valued. For the best barrier protection with the widest set of applications, Jobguard™ XM has you covered.

* Please consult your company policy to determine the appropriate glove for a given application.
