- *Optically clear*
- *Radiation sterilized*
- *Traceable by lot and SKU number*
- *Contents sterile if sleeve is unopened*
- *Clear top and bottom viewing surfaces*
- *Molded from medical-grade virgin polystyrene*
- *Consistent flatness allows for even media distribution*
- *Side arrows and ISO Mark Target options for automation*
- *Disposable (single use) polystyrene petri dish for general microbiological use*
- *Stackable, slippable and no rim dishes available based on application and need*
- *Ventilation ribs allow for free air circulation and reduce condensation during incubation*
- *Flared lid skirt and squared corners for easy one-hand operation, especially with gloves*

Polystyrene Stackable Petri Dishes

For General Use

Kord PN	Size (mm)	Style	Rim Feature	Unique Feature	Iso Mark Target	Dishes/Sleeve	Dishes/Case
1000	65 x 15	Contact Plate	Slippable	Convex Bottom	No	25	500
2900	100 x 15	Mono	Stackable	Industry Standard	No	25	500
2901	60 x 15	Mono	Stackable	Media Saver	No	20	500
