# INSTANT Powder Kegs

## All Purpose Coil Cleaner

Designed with the professional in mind. Coil cleaning is a messy job, our powder kegs make it easier. Each bag contains 6 kegs, and each keg mixes to one gallon of cleaner.

That's up to 6 gallons of coil cleaner in an easy to carry 1.5lb pouch.

Storage Problems are eliminated with Instant Powder Kegs. There's no need to carry around gallons of cleaner. Our product allows you to mix on site, with water you already have.

## Instant Powder Kegs

- Easy to use, premeasured kegs
- Mix to desired strength
- Safe for all coil types
- Convenient and lightweight
- Will not leak or Separate
- Easy To transport
- Easy Clean up. If you spill Powder Kegs in the service van, just sweep them up.

## Instant Powder Kegs remove dirt, hair, dander, grease, dust and other particles

- Quick dissolving
- Corrosion inhibitor helps prevent corrosion of septum metals
- Good for all types of coils

## Professional Results

The easy and convenient option for professional coil cleaning results.

## Save Money on Shipping

Our 6 pack of kegs weighs just 1.5lbs, and makes up to 6 gallons of cleaner. Compare that to the average 8lb weight of a gallon of premixed solution.

## No Watered Down Solutions

With Instant Powder Kegs, you know exactly what you're getting. Our Coil Cleaner allows you to mix to desired strength.
