Glass Inserts and Molded Mats for Standard 96-Square Deep Well Microplates

All Finneran Products Are Certified

System uses 96 glass tapered inserts in a 96-square deep well plate.

An ideal solution for sample storage, reactive chemistry and biological testing.

- Polypropylene plate, glass inserts, and molded mats can be autoclaved and sterilized.
- Plates have a standard 8x12 foot-print with etched 1-12 by A-H grid.
- Snug fit of glass inserts allows use with shakers and vortex mixers.

96-Well Polypropylene Plate and Glass Inserts

- Push point insert tip design allows sample access down to 10µL
- Glass vials provide an inert solvent resistant environment for samples
- Assembled plate has excellent thermal stability and chemical resistance
- 700µL inserts assembled in the square well plate can be sealed with a Molded 96-Square Well Liner
- 1.0mL inserts assembled in the square well plate can be sealed with a Molded 96-Round Well Mats
- Compatible with autosamplers and robotic systems
- All Glass Inserts are available Silanized

Glass Inserts and Molded Mats for Standard 96-Square Deep Well Microplate

Square Well Molded Mat

Molded Mats for 700µL Inserts Assembled in 96-Square Deep Well Plate

- Manufactured from medical grade silicone
- Autoclavable and excellent chemical compatibility

Cat. No.	Description	Qty
996050SW-96	96-Square Well - Gray Molded PTFE/Silicone Mat	5
996075SW-96	96-Square Well - Prescored Gray Molded PTFE/Silicone Mat	5
997005SW-96	96-Square Well - Green Molded Silicone only Mat	5
997075SW-96	96-Square Well - Prescored Green Molded Silicone only Mat	5

976075SW-96	96-Square Pre-Slit Clear Sealing Mat with Spray Coated PTFE/ Premium Silicone	5
976250SW-96	96-Square Ultra Low Bleed Clear Sealing Mat with Spray Coated PTFE/Premium Silicone	5
976275SW-96	96-Square Pre-Slit Ultra Low Bleed Clear Sealing Mat with Spray Coated PTFE/Premium Silicone	5

Round Well Molded Liner

Molded Mats for 1.0mL Inserts Assembled in 96-Square Deep Well Plate

- Round liner plug locks into glass inserts assembled in the 96-Square Deep Well Plate
- Manufactured from medical grade silicone
- Autoclavable and excellent chemical compatibility

Cat. No.	Description	Qty
